\* An "Operator Surcharge" applies when the caller: (1) enters nothing, defaults to an operator and requests the QCC operator to complete the call; or, (2) has the ability to complete the dialed digits of their call, but chooses to dial the appropriate operator code only (e.g., 0-, 00, 10432), and requests the QCC operator to complete the call. This surcharge will be in lieu of the existing per call surcharge. In addition, this surcharge will apply to all month-to-month customers as well as new term customers who subscribe to Q.guaranteed. Customers who are currently on term plans will not incur this surcharge until their contracts renew.
